- being cold
- and pickles they are wyps mortal enemy

# wyphy's daily life: 🍃

- eeps 12 hours a day (+naps)
- loves to cook but oftem burns the food 🍳
- constantly staring like they want attention

- when not eepy they are often full of beans and tries to playfight with kat and annoying them
- tries to be helpful but kinda clumsy and embarrassing
- little awareness of surroundings so they walk into walls a lot
- walks everyday!!
- plays a lot of games n doodles 🎮
- emotional support creature

## wyphy's lore:

Wypher was a creature that spawned in the backrooms and no-clipped into the real world. People thought wyppy was a stray and gave them snacks and wypher thought the snacks were so yummy they started begging on the street everyday for treats coz they didnt have money. One day someone named Kat started giving them snacks so regularly that wyppy started to try and follow them home out of curiosity and then kat took them into their home :3

# wyppy biology:

Height: 5'1"

Gender: whatever u think they are

weight: 130pounds

species: dogcat entity

they have floppy ears like a dog, but the rest of their body is very cat like. Very soft, quiet and flexible. Extremely fluffy like a pillow and can sink into it.

They make cat and dog sounds and behave like both.

wypher has tiny claws and can barely leave a mark, but sometimes gets claw extensions.

## wyppy trivia:

- likes to steal snacks from the kitchen and hoards a secret stash in their closet
- can meow, bark and purr
- smells like almonds and vanilla
- very soft and skrunkly like kitty
- startled really easily but doesn't have any big fears other than pickles
- favorite toy is a feather toy :3 and taiko drum plushie
- tries to clip up their ears sometimes to look like a cat
- tried to eat a cattail plant once and it exploded in their mouth
- tried to befriend a bee and got stung
- persistent with puzzles

all silly facts are of august 2025 :3 sometimes wyppy changes a little bit like anyone else

Thank you for reading  
silly wyppy fun facts

i hope you enjoyed :3  
Have a nice day

silly alternate biology facts  
on next page ----->>>>

# wyppy biology:

Height: 5'1"

Gender: whatever u think they are

weight: 1pound

species: dogcat entity

the creature is made entirely of fluffy fluffy and will fluy away like a dandelion if you put a fan in front of them

If you shave their fur off the shaved fur will turn into sentient mini wyphlets if you spit on it, and if you collect 80 you can construct a wyppy clone  
the clone will fall apart in a week
